LONDON, May 23.—German authorities in Paris announced today that 10 alleged communists and Jews had been shot because of an attempt to kill a German soldier, Reuters (British) news agency said today in a dispatch from Vichy.

Ten hostages are to be shot, it was said, unless those responsible for the assault are apprehended within eight days.

LONDON, May 23.—The Nazi-held submarine base at St. Nazaire, on the coast of occupied France, was bombed early today by Royal Air Force planes.

Enemy waters also were mined by the British craft, all of which returned safely to their English base.

JOHANNESBURG, South Africa, May 23.—A series of six bomb explosions which disrupted public utilities and hurt water mains in the Johannesburg-Rand district was disclosed today.

Three explosions occurred Wednesday and were followed by three more last night. Telephone lines were cut, water pipes blasted and a power station badly damaged.

An unexploded time-bomb was discovered on a railroad near the power station, but was rendered ineffective before it could do any damage.

Plan For Navy Week Here During June 1-6

Make way for the Navy! Gangway for the boats! We've had Army Day, we've read of the thrilling exploits of the Marines, now pull up a chair and let the Navy have its say, June 1-6 is Navy Week for New Castle and Lawrence county and while we are far inland here, the city and county will be Navy conscious that week if a group of New Castle business and professional men know what they are doing, and they do.

Plans Being Made
At a luncheon in The Castleton hotel Friday, the general plan was outlined to about 25 men of the

city. Chief Yeoman Frank E. Boyd and Chief Shipfitter D. C. Ritchie were present and explained that the week's activities were designed to focus attention upon Navy recruiting.

Modestly enough, they explained that the Navy was the most attractive branch of the armed forces and that just now the Navy wanted recruits. The Navy Week program includes a program of some kind every night in the week, Monday, June 1, will see the Navy Queen crowned, with a dance free following. NEW WILMINGTON, May 23.—With the crowning of the May Queen ceremony on the college campus this afternoon, and the alumni gatherings during the day and evening, the annual commencement week exercises at Westminster are under way.

Commencement was moved forward about two weeks this year on account of war conditions.

On Sunday morning the annual sermon to the Christian Association, a part of the week's proceedings, will be delivered in the United Presbyterian church, with Rev. E. Marcellus Nesbitt, of Beaver, preaching.

In the afternoon at 4 o'clock, a vesper recital will be given in the (Continued On Page Two)

USO Reports Due Monday Evening

There will be a U. S. O. report meeting Monday night from seven to nine o'clock in The Castleton. Roger W. Rowland chairman of the Lawrence county USO campaign, announced today.

It is very important, he emphasized, that there be as complete a report as possible, and Rowland requested all workers to make an appearance. If anyone cannot get to the Castleton Monday night, he should make his report to R. L. Meermans at the Y. M. C. A. before that time.

Rowland announced that there had been an encouraging return from the Shaw-Perkins Co. in West Pittsburg, and that the doctors, who are making their return by mail, are doing an excellent job.

Youth Injured In Cycle Crash

East Brook District Youth Suffers Compound Fracture Of Left Leg

Lynn Rosenholm, aged 16 years, son of Mr. and Mrs. Eric Rosenholm, of R. F. D. No. 5, Lakewood, suffered a compound fracture of the left leg about 9:35 o'clock Friday evening, when a motorcycle on which he was a passenger collided with an automobile driven by Miss Dorothy Browning, daughter of Mr. and Mrs. M. C. Browning, of East Brook.

The accident is said to have occurred when the motorcycle, operated by Lawrence Cunningham, on which Rosenholm and Earl Book were riding, attempted to pass the Browning car as it was about to turn into the drive into the Browning home. The car pulled to the left in making the turn, and Cunningham was forced to turn to the right. Rosenholm's leg being crushed between the motorcycle and side of the car.

The injured youth was brought to the Jameson Memorial hospital by Robert Jamison, of East Brook, where he is undergoing treatment.

Flood Sweeps Eastern Areas Of State Today

Report Six Persons Missing And Feared Drowned In Scranton Area

LEHIGH VALLEY SUFFERS DAMAGE

"Flash Flood" Following Steady Rains Of Week Cause Flood Conditions

(BULLETIN)
(International News Service)

SCRANTON, Pa., May 23.—Six persons were reported missing and believed drowned and hundreds were marooned today by a flood which swept Honesdale, Wayne county seat 37 miles from Scranton, and other northeastern Pennsylvania communities.

According to reports reaching Scranton from a newspaper correspondent marooned in a home there, authorities said the six were believed drowned when their home was washed away.

Efforts to determine the identity of the six missing persons were difficult. Four hundred telephones were reported out of commission in Honesdale and other parts of Wayne county because of the flood.

Flood conditions in the northeastern Pennsylvania county were said to be the worst in its history, and because of this it was impossible to get an accurate picture of the damage done by the flood.

Allentown, Pa., May 23.—One of the worst "flash floods" in the history of the Lehigh valley was disclosed today by the flood.

SHIP BUILDING ON RECORD SCALE

(International News Service)
WASHINGTON, May 23.—President Roosevelt's declaration that the Axis submarine menace "is being solved" today led to the belief that United States forces are waging a more vigorous campaign against enemy U-boats.

The chief executive's statement came in connection with maritime day and climaxed a series of tributes paid American shipbuilders and workers by high-ranking members of the army, navy and members of the United Nations.

In a final count on maritime day activities yesterday, the maritime commission announced that 27 new (Continued On Page Two)

Report Italy To Make Demands Of Vichy Soon

(International News Service)
MOSCOW, May 23.—The Soviet news agency Tass reported today from Geneva that the Italian government is preparing a note to the Vichy government in "sharp and threatening" terms demanding the surrender of Nice, Corsica and Tunis.

The note, Tass said, declares that Italy's claim is based on historical rights and the inability of France to prevent its territories from becoming bases of operations of forces hostile to Italy.

"Italy," the note reportedly said, "cannot permit Corsica and Tunis to fall into the hands of the British and Americans as did Madagascar."

Tass reported the Italians threatened occupation of the territories by Italian troops if Vichy does not comply.

Navy Will Raise Normandie From Its Mud Grave

The U. S. Navy announces that it is starting immediate operations to raise the former French luxury liner Normandie from its temporary grave in the Hudson River (New York) where it has rested since it was swept by fire last February 9. This photo was taken immediately after the navy's announcement and shows how engineers have removed the entire superstructure. It is estimated that 10,000 cubic yards of mud and 100,000 tons of water will have to be pumped from its interior before engineers can tackle the stupendous job of putting the 83,423-ton liner back on an even keel.

Pre-Memorial Day Services To Take Place Sunday Eve

Water Services At North Street Bridge Will Be Followed By Church Services

As has been customary for a number of years, local veteran posts will join with the Ladies of the G. A. R. in their annual water service at the North street bridge, Sunday evening, which will be followed by memorial services in two different churches. The G. A. R. organizations will go to the Central Presbyterian church, while the World War groups will go to the First Presbyterian church.

The different organizations taking part will meet at the City Building at 6 o'clock, from whence they will march to the bridge, headed by the American Legion Band. Following the services at the bridge, the parade will reform, and will march down Crofton avenue and west on Washington street. As the Central Presbyterian church is reached, those attending the service there will fall out, while those going to the First Presbyterian church will continue through the Diamond and up Jefferson street to the church.

Four Slightly Hurt When Auto Hits Pole

Car Driven By Detroit Man In Crash At Top Of State Street Hill

Four persons were slightly injured shortly before four o'clock this morning, when an automobile driven by Anthony Hite, of 12880 Hayden street, Detroit, Mich., skidded and struck a telephone pole at the top of State street hill.

Andrew Dutarsky, his wife, Elizabeth, and their little daughter, Jean, all of the same address as the driver, were treated at the Jameson Memorial hospital, the child receiving a severe laceration of the right eye, and abrasion of the right leg and hand. The parents suffered abrasions of the legs. A five-months-old baby in the car was uninjured. Hite had his back slightly hurt, but did not receive treatment at the hospital.

Agree On \$42 Soldier's Pay

(International News Service)
WASHINGTON, May 23.—A conference committee representing the Senate and House today agreed on a base pay of \$42 per month for enlisted men of the army and navy.

The committee also agreed to make the pay increases for all branches and ranks of the armed services permanent instead of for the war's duration.

The Senate originally enacted a \$42 base pay, but the House passed a measure calling for \$50. The conference today was called to reach an agreement.

MEXICO CITY, May 23.—The Mexican cabinet was informed today by President Manuel Avila Camacho that a state of war exists between Mexico and the Axis nations.

President Camacho, at an emergency session of the cabinet, told the members that the Axis powers had initiated hostilities against Mexico by attacking and sinking Mexican vessels and taking Mexican lives.

He immediately asked the permanent commission of congress to call a special session of the legislature to receive a request that he be empowered to issue a formal declaration of war against Germany, Italy and Japan.

Mother And Child Fatally Burned

(International News Service)
BRADFORD, Pa., May 23.—Charred debris and blackened cement foundation blocks were all that remained today as a grim reminder of the fire which destroyed Thomas Ripple's home at Liberty, eight miles south of Port Allegany, and fatally burned his wife and two-year-old child.

Coroner Thomas R. Clark of Bradford, said the fire apparently started when a spark from the kitchen stove flew into a gasoline can standing nearby, igniting the contents and causing an explosion. The mother, Mrs. Fern Ripple, 22, grabbed the baby and fled outside, but the severe burns sustained in her heroic rescue caused death yesterday.

The baby died shortly after the fire, in Coudersport hospital.

Germans Hurling Big Reserves Into Kharkov Battle

Making Desperate Effort To Halt Advancing Soviet Tank Forces

MOSCOW SAYS RED DRIVE NOT STOPPED

Huge Losses Are Being Sustained In Battle Around Kharkov

By JAMES E. BROWN
(U. S. Staff Correspondent)
MOSCOW, May 23.—In a desperate effort to combat advancing Soviet tankists who roared into battle riding on the tops of their heavily-armed vehicles, the German high command threw vast new reserves of men, machines and aircraft into the fray today but the Red drive continued toward Kharkov without a pause.

More than 15,000 Germans already have been killed in the last three days of fighting without a single advantage having been gained, official Soviet advices said.

Terrible Losses
Letters found on the bodies of dead Germans, written under the stress of battle and waiting to be posted, speak time and again of the "terrible losses" suffered. Nazi troops now seem to be impressed that not only tanks and armored cars but their man-power itself now is being overwhelmed by the Russian offensive.

WASHINGTON, May 23.—The United States government today is considering new ways and means of speeding up American aid to Soviet Russia.

Although American war supplies to the Soviet union are now moving faster than ever before, the shipmen still are somewhat behind the schedule promised to the Russians.

The Soviet government recently submitted a new list of requirements to this government. The list included a request for a considerable amount of rubber.

To Send Wheat
In addition to actual implements of war, such as planes and tanks, the Soviet Union also wants wheat.

Congress Divided On Draft Of Youth

Registration Plans Are Made

Intimation Given Army And Navy May Seek Power Draft 18-19 Year Class

SOME CONGRESSMEN STRONGLY OPPOSED

By WILLIAM S. NEAL
(U. S. Staff Correspondent)
WASHINGTON, May 23—Selective service officials today made plans for registration of 18 and 19-year-old youths on June 30 as congressional sources intimated that the army and navy may renew a request for legislative authority to draft them.

Draft military age limits now are from 20 through 44.
President Roosevelt issued a proclamation for registration of 18 and 19-year-old youths, but this admittedly did not in itself forecast a drive for lower age limit for military service. The draft act originally contemplated registration of those from 18 to 64.

High army and navy officials, however, have emphasized to members of congress that calling of 18 and 19-year-old youths is desirable, not only to provide necessary training against the future, but because they make the best soldiers.

Extraordinary inducements now are being made both by army and navy to attract volunteers from these age groups, especially for the air service. In some instances those who enlist in the reserves are allowed to complete high school.

Must Call Men With Dependents
Selective service officials informed the senate military affairs committee that it will be necessary to call persons with dependents the last of this year, if the army expansion program is carried out.

Sen. Gurney (R) South Dakota, member of the military affairs committee, urged legislation to permit drafting of those of lower ages. "I'd vote to draft those 18 and 19 because we've got to win the war," said Gurney. "Many of them are not doing any good in school anyway because of disturbed conditions. I am glad they are to be registered. It should have been done long ago."

"In my opinion it is a question of needed man power and not whether those with dependents should be drafted. When the allotment bill is passed, there will be no reason to exempt persons because of dependency if they are in good physical condition and not in war production."

Chairman May (D) Kentucky of the house military affairs committee, however, opposed lowering of age limits.
"I wouldn't vote for it now but of course if the time comes when we need them I will," said May.

Sen. Hill (D) Alabama expressed belief that the registration was ordered merely to complete the plan of the draft act of making a census of 18-64 man power.

"We would have to be in dire extremities before I would vote to take boys out of school for the army," said Sen. Thomas (D) Oklahoma. "I have an open mind on the question," said Rep. Thomas (D) Texas, member of the house military affairs committee. "I don't know what selective service will have to say."

federal war agencies, if not actually imminent, were:

1. Nation-wide restrictions on the consumption of gasoline to safeguard the country's most precious stockpile of rubber—automobile tires.

2. Rationing of travel by bus, boat, plane and railroad to clear transportation channels for a tremendous flow of men, munitions and materials of war.

3. Requisitioning of as many of the nation's 33,000,000 private passenger cars as are necessary to insure uninterrupted transportation of war workers to booming assembly lines.

Officials frankly admitted that transportation holds the key to the nation's military success.

With the war six months old, every transportation requirement has been met to date. There has been no "breakdown" anywhere in the expanding movement of troops, armaments, munitions, materials, supplies and essential civilian needs.

Officials added, however, ironclad controls will have to be exercised to guarantee that no transportation bottleneck develops in the crucial months ahead. Daily the transportation load is mounting.

Events of the past 48 hours have outlined the pattern of control of the nation's transportation facilities.

flour and sugar. Germany's conquest of the Ukraine has caused a shortage of these food stuffs in Russia. The Soviets also have asked for meat products and vegetable oils.

The offensive spirit shown by the Soviet armies in the Kharkov campaign has increased the hopes of official Washington that Russia may be able to hold out against the Germans this year if required military supplies can reach the Soviet Union quickly enough.

With summer approaching and a major German offensive against the Soviets expected to get under way shortly, Russia's part in the world conflict is now nearing what American officials regard as its crucial stage.

But discipline is silly if it keeps underlings silent when they know their superiors are acting dumb.

To Receive Degree At Westminster

REV. E. M. NESBITT

NEW WILMINGTON, Pa., May 23—Among those to be awarded honorary degrees at commencement exercises at Westminster college here starting at 2 p. m. Monday, is Rev. E. M. Nesbitt, a native of Lawrence county, and a Westminster college graduate in 1922, who will receive the doctor of divinity degree.

He was formerly a United Presbyterian minister in Columbus, Ohio, and Greeley, Colo., and is now pastor of the First United Presbyterian church at Beaver, Pa.

FLOOD SWEEPS EASTERN AREAS OF STATE TODAY

(Continued from Page One)

Lehigh Valley receded today after swamping communities lying along the Lehigh, Little Lehigh and Jordan rivers, forcing evacuation of hundreds of residents and causing considerable property damage.

Official observers were forced to leave their posts early today after the rivers reached a height of 18 feet, 14 feet above normal, by 6:30 this morning, however, the streams were subsiding at a rate of one foot an hour—the same pace at which they had risen.

In Allentown and nearby communities, police and defense authorities evacuated householders in boats. Industries along the riverfront quickly effected their usual flood protection measures, it was announced.

Reading, Pa., May 23—With an estimated damage toll of \$1,000,000 already recorded, the surging waters of the Schuylkill river continued their rise in Berks county today toward a predicted height of 21 feet, eight feet above flood stage.

Creeks and streams throughout the country burst their banks, inundating farms and highways, washing out bridges and forcing hundreds from their homes. Officials in Hamburg estimated the loss in that community at \$250,000.

Wellsville, Pa., May 23—Fields and roads near Wellsville were inundated today as southern Tioga streams rose after heavy rainfall.

A near-cloudburst climaxed three days of rain and flooded the downtown business section of Wellsville, stopping traffic and leaving pavements under several inches of mud. No widespread damage resulted.

Lancaster, Pa., May 23—Two weeks of heavy rain today resulted in the overflow of practically every stream in Lancaster county.

Families forced to evacuate their homes by the rapidly-rising waters of the Pequea Creek were given shelter at Paradise, where an emergency hospital had been established as a civilian defense measure.

Harrisburg, May 23—Rising streams and rivers in Dauphin county flooded low-lying fields and caused across several highways, making them impassable to traffic.

The federal-state flood forecasting service reported that the Susquehanna river was expected to reach a stage of between 11 and 12 feet at Harrisburg, after rising to a height of six feet, nine inches last night.

News Briefs From City Hall

East Palestine, O., authorities were in communication with Police Chief W. G. McMullen today regarding a school robbery there. The Ohio chief was trying to ferret out if there was any connection between the attempted burglary of the Administration building, East street here, and an East Palestine school. It was reported today that a watchman has been employed at the local building.

Autos driven by Charles E. Snyder and P. G. Greer, Jr., collided Friday afternoon with resultant damage at Grant and Mercer streets.

E. L. Duff, of a local garage, reported to police Friday his auto had struck a small boy at East Washington and Harrison streets and the autoist took the boy to a doctor. After leaving the doctor's office the boy ran away, according to the driver.

Stewart Place auto owners complained today to city authorities they were unable to use their autos because of rail removal which blocked off the thoroughfare. The complaint was referred to Traffic Lieutenant G. S. Kennedy.

Ben Langdon was the name of a man sentenced to serve five months and 29 days in the Allegheny county workhouse for repeated intoxication and arrest. Mayor Charles B. Mayne imposed the sentence in police court.

Tuesday night, June 2, will see a boxing tournament. Wednesday will be Amateur Night at WKST. Thursday night a baseball game, Friday night will be Ellwood City night and on Saturday night, June 6, the recruits will be inducted in a mass service to be held at a place not yet designated.

County Commissioner Joseph P. Travers has been named general chairman of the week's activities, and with him are a number of committee chairmen and members. Not all the committees are named as yet.

The parade committee is composed of Ivor V. Davis, chairman, Chester C. Sweeney, Walter A. Keller and Ivor M. Richards. They will arrange for the parade which is planned for Monday night, June 1, and Saturday night, June 6.

Crowning Ceremony
The crowning of Miss Navy on the night of June 1 is in charge of Ivor M. Richards who will name his committee. The baseball committee is composed of Rev. Peter M. Schirra, chairman, Jewie Coen, Steve Gonda, Paul Kanengeiser and Mike Cerelli, the latter of Ellwood City.

The boxing committee is composed of Edward H. Fritz, chairman, Tommy Leach and Arch Cumo. The amateur night committee is composed of Dudley Arnold, chairman, Jack Bruce, Walter A. Kiehl and Emil Lelenko.

The detailed program will be announced later but just at present what we want to get over to you is that June 1-6 is Navy Week. The week when the Navy Blue is the favorite color of this city and county and every activity will have a salty tang.

You'll be hearing more of it later, but in the meantime, Anchors Aweigh.

GERMANS HURLING BIG RESERVES INTO KHARKOV BATTLE

(Continued from Page One)

Barenkovo sector. One Soviet unit is outnumbered there three to one but has succeeded in holding its position with the aid of artillery and dive-bombers.

The letter are beginning to take a tremendous toll. Seventy-two tanks and 150 lorries were destroyed yesterday alone.

Red army machine-gunners and tank experts riding on the top of their machines were credited with playing an "exceptional role" in break-throughs at populated points, seizing forward trenches evacuated by the enemy to cover advance of the infantry.

Meet Powerful Resistance
Red army attacks in the Kharkov sector now are beginning to meet powerful enemy resistance, chiefly in the form of anti-tank weapons, while the Germans are unceasingly pounding the Russian left flank in the Izum-Barenkovo area.

"Our troops are putting up stubborn resistance," the army newspaper Red Star said.

The battlefield constantly is fluctuating. The Germans yesterday recaptured a populated point taken in the first stages of the drive, but a few hours later the Russians took it again, cutting off the German retreat and killing 790 officers and men.

Enemy mechanized units are trying to drive wedges into the Soviet line, cutting off contact between units. The Red army is in constant offensive action against the German left flank, where the enemy is employing mobile groups of between 40 and 60 tanks to bolster threatened areas.

Consolidate Positions
While the main Russian forces forced a sharp retreat in the Izum drive to retake the city other Soviet units began consolidating strategic positions captured from the Nazis.

Large amounts of military equipment were taken when the Nazis were blasted from a vital stronghold before the city. The Russian high command said.

EDITOR'S NOTE: An exchange telegraph dispatch from Moscow said that Marshal Semyon Timoshenko, possessing complete mastery and initiative was "playing cat and mouse" with German Marshal Fedor Von Bock. The latter, it was said, is continually throwing in new reserves of manpower, armored vehicles and aircraft.

The Germans were reported thrown back several miles after failure of their attacks on one sub-sector of the Izum-Barenkovo front, 70 miles southeast of Kharkov.

Soviet troops were said to have crossed an unnamed river on another sub-sector of the southern front and consolidated captured positions for further operations.

Counter-Attack Failed
On another sector of the Kharkov front, the noon communiqué said, a Nazi counter-attack was repelled and 200 German killed. War booty and prisoners were said to have been captured.

A German attempt to cross an unnamed river on the southern front was repulsed, the Soviets said. The Germans retreated after losing more than 200 officers and men.

EDITOR'S NOTE: Axis reports said meanwhile that German and Romanian forces had undertaken a new drive along the Taganrog-Rostov railway in the southeastern Ukraine, apparently aimed at an attempt to recapture Rostov, gateway to the oil-rich Caucasus.

German Field Marshal Fedor Von Bock, it was asserted, was concentrating powerfully motorized forces in the Slaviansk region, 110 miles northwest of Taganrog on the Sea of Azov. Heavy German detachments, it was claimed, succeeded in advancing north of Slaviansk and occupied two bridgeheads on the left bank of the Donets river in the rear of Soviet positions.

"During the night of May 22 our troops in the Kharkov direction consolidated their positions and engaged the enemy in offensive battles," the communiqué said.

"In the eastern end of the Kerch Peninsula fighting continues."

"On other sectors nothing of importance occurred."

(Axis reports asserted that some German units had been withdrawn from the fighting on the Kerch Peninsula and sent into western Crimea in an effort to knock out the Russian Black Sea naval base at Sevastopol. It was claimed that the besieged base has been under violent bombardment for the past 48 hours by planes of the German Luftwaffe.)

As the Nazi defenses before Kharkov began to crack an increasing number of Germans were reported surrendering.

Enemy agents can burn our forests and risk nothing worse than a fine or jail sentence, while Stalin shoots mere thieves. Aren't we still a bit soft?

Edwin R. Harper Receives Promotion

The Navy Department has announced the promotion of First Lieutenant Edwin R. Harper, United States Marine Corps, to the rank of captain in the Marine Corps.

Captain Harper is the son of Mr. and Mrs. Edwin F. G. Harper of Boyles avenue, this city, and a brother of Mrs. A. M. Siumaker, Englewood avenue.

Captain Harper graduated from New Castle high school in the class of 34. He received four years of military training at Penn State and, upon graduation, was commissioned as a second lieutenant in the Army Reserve. Subsequently, he was commissioned as a regular officer in the United States Marine Corps and in January of this year was promoted to the rank of first lieutenant. He is also a graduate of the Basic School for Marine officers at the Philadelphia Navy Yard.

At the present time, Captain Harper is serving at the Naval Air Station, Pensacola, Fla.

Japanese in the vicinity of Kihwa to advance to the interior.

The invaders were reported near Iwui, 20 miles north of Kihwa. In Burma, Chinese troops engaged the Japanese at six points around Mongpaelai, Monghai, Lungling, Tailsu and Kongkum in the Burma and Yunnan province area.

The Chinese were said to have killed or wounded more than 300 Japanese and destroyed four armored cars when they made a surprise attack at Nawnkio, between Mandalay and Lashio.

JAMESON ALUMNAE TO SEE FILMS AT MEETING

Jameson Hospital Nurses Alumnae Association will hold an important meeting Monday evening at 8 o'clock, in the parlors of Jameson Memorial hospital.

Routine affairs with future plans to be considered, will open the informal program, and following a social time will be enjoyed with W. E. Fetter as guest speaker. Mr. Fetter will show several films of noted gardens, flower arrangements and travelogues.

In addition, the awarding of a War Bond will be completed at this time.

Miss Elizabeth Kendall is chairman of the social committee.

ANNIVERSARY DINNER FOR JUANITA MEMBERS

In observance of their fifteenth anniversary, the Juanita club members gathered at a prominent tea room Friday evening for a dinner. Mrs. John Black and Mrs. L. A. Wygant composed the committee on arrangements.

Cards held attention afterwards, the attractive prizes going to Mrs. John Black, Mrs. John Black and Mrs. Clark Wadding.

On June 19, the club will meet with Mrs. W. J. Sloan of 321 Englewood avenue.

London Bridge Club

London Bridge club members met Thursday evening with Mrs. Robert Campbell of Chapin road for a social time, the hours being spent in card playing. Awards were given to Ellen Melnyk, Catherine Carr and Mrs. Ralph Preston, the latter being the galloping trophy.

Lunch was served at the close of the contest, and on Thursday, June 11, the club will meet with Jane Davis of Scotland Lane.

The Parent Problem

By Garry C. Myers, Ph. D.

SCHOOL MUSIC NEEDS CHANGE

Often in this column I have expressed enthusiasm over music in the school. I have witnessed some excellent work, artistic singing and playing and community singing in various schools, but I am disappointed about two matters in school music.

1. Few school children, especially the upper grades and high school are learning "community singing" which they might profitably carry on in homes, churches, clubs the rest of their lives. They seldom sing the folk songs at school which their fathers now sing in clubs and other gatherings.

2. Mrs. Myers and I were two of a group of 45 university student tourists in Russia during the summer of 1936. While on a boat on the Neva river, we enjoyed the community singing by a group of Russian youths on their way to the camp we were going to visit. They begged our group to sing something American. We tried our best. It was pathetic. And our group were leaders in education! We had been taught music in our public schools!

Most Singing Poor

I must have appeared in 500 high school assemblies and at least 100 college assemblies throughout the United States during the past few years. In less than a score of them have I heard community singing and in but few of these was it done reasonably well. They sang half-heartedly and mumbled, few seeming to know the words. In most of them I heard school bands, more orchestras in the colleges.

2. The public school orchestra is passing, being swallowed up by the school band. Night after night at a public meeting of teachers or parents I have seen and heard school bands in their gaudy uniforms with their strutting, prancing and out in front. Out of one series of 19 evening meetings I did not see a single school orchestra.

It looks as if we are educating our children in school music chiefly for pomp and parade. Now you can't play a violin or cello while you cake-walk nor learn to play these instruments well without considerable patient practice over years. To play in the school band does not demand so much individual effort or home practice.

Except in the army and navy, and on parade, where will these youths play in bands outside school?

Solving Parent Problems

Q. Can a child read too much? I have a girl 11 years old who wants to be reading nearly all the time.

A. A child can hardly read too much, if the reading matter is well selected, provided, of course, she does not over-tax her eyes and gets ample play, especially out of doors, with other children her age, and adequate exercise in sharing home responsibilities. Most children do not read enough for pleasure and they don't because books too hard for them to read with ease are put into their hands.

A GOOD MARRIAGE

A clergyman now living in southern California relates with glee the following story:

"In my pastorate in Lowell, Massachusetts, some years ago, a good deacon and his wife shared their pew with an elderly maiden lady—an intimate friend.

The deacon's wife died and some time later he married the latter. One day a wag in the church told me: 'I see you've married the deacon and Miss Blank.'

"Yes," I replied, "I think it is a good marriage."

"So do I," he replied, "People who have slept together in the same pew so long ought to be married!"

About the only time some bimbos are regular is at meal time.

It isn't so very long ago when pneumatic tires were considered quite an innovation, and strange, but true, it still is.

Landis says "irresponsible utterances are second only to giving information to the enemy."

That's what Fiorello has been saying about his critics.

And so we have a lovely little circle now of good Americans slashing away at each other with potato mashers.

Each one hinting that the other guy is certainly going a good turn for Hitler and Hirohito.

And proving once more that many can give it but can't take it.

Thought for the Day: How's about an armistice on name calling?

POINTLESS

The disappointed humorist was inclined to be bitter. "Hang it all, sir, you sit on every joke I send you."

"Let me assure you, my dear sir," replied the editor, pressing a bell for the visitors to be shown out, "I should certainly not do that if there were any point to them."

Some of the best cooks we ever ate after never saw a cook book.

"What," queried the unsophisticated youth, "is the best way to find out what a woman thinks of you?"

"Marry her," replied the sage, "then wait a few days."

A GOOD MARRIAGE

A clergyman now living in southern California relates with glee the following story:

"In my pastorate in Lowell, Massachusetts, some years ago, a good deacon and his wife shared their pew with an elderly maiden lady—an intimate friend.

The deacon's wife died and some time later he married the latter. One day a wag in the church told me: 'I see you've married the deacon and Miss Blank.'

"Yes," I replied, "I think it is a good marriage."

"So do I," he replied, "People who have slept together in the same pew so long ought to be married!"

That's what Fiorello has been saying about his critics.

And so we have a lovely little circle now of good Americans slashing away at each other with potato mashers.

Each one hinting that the other guy is certainly going a good turn for Hitler and Hirohito.

What Noted People Say

(International News Service)

WASHINGTON.—Secretary of War Henry L. Stimson again warns of loose talk on troop movements. He has told us what to wrap garbage in, assuming that we still have any.

Moving the davenport to another part of the room often makes quite a change.

You don't have to have a birth certificate in order to be able to pay your taxes.

Mrs. Nuwedd—You promised me before we were married that you would never look at another woman but me.

Nuwedd—I thought you understood that was only a campaign promise.

The share-your-car movement is nothing new. The hitchhikers have been trying to get us to do that for 10, these many years.

People who used to slow down when they heard a motorcycle coming now hide the sugar bowl when a stranger knocks at meal time.

POINTLESS

The disappointed humorist was inclined to be bitter. "Hang it all, sir, you sit on every joke I send you."

"Let me assure you, my dear sir," replied the editor, pressing a bell for the visitors to be shown out, "I should certainly not do that if there were any point to them."

THAT MADE IT KOSHER

A young English couple were in China. One day they were served with an excellent dinner, the composition of which they knew nothing about.

ling about. When the Chinese cook came to clear the table, the young wife asked him in fun, "I hope you didn't kill a stray dog on the road to make our dinner, Chang?"

"No, killa dawg," answered Chang, "him allee dead when I picked him up."

JUST A NO 'COUNT LAMP

Adjuster—What's the matter with the lamp, madam?

Lady—It has all the faults of my husband, with none of his virtues.

Adjuster—Please explain yourself.

Lady—Well, it has a good deal of brass about it, it is not remarkably brilliant, requires a good deal of attention, flares up occasionally, is always out at bedtime, and is bound to smoke.

Every now and then some new kind of a thief turns up. The latest is the tire thief.

Teacher—You know that heat causes an object to expand and cold causes it to contract. Now, can any one give me a good example?

Bobbie—Well, teacher, in the summer the days are long and in the winter they are short.

PROVED USEFUL

John MacPherson had married. Some weeks later he met Pat, his friend from Ireland.

"Well, John, lad," said Pat, "I suppose you had a lot of silver for wedding presents?"

"Ay, mon," said John, "mostly silver they were."

"And what did your father give you?" asked Pat.

"Dad gave me a bottle of acid to test the silver wif," said the newly married man.

"Her husband's run away," said Mrs. Blobsb, gloatingly, "and what's more, he's robbed her of every penny she had."

"Well, I never!" gasped Mrs. Nobbs. "Poor dear! And she only married him because she was so scared of burglars!"

WEDDING AT COUNTRY CLUB

"We live in a very tiny apartment. I am to be married soon and mother and dad and I have decided to have both the ceremony and the reception in a country club to which we belong. What arrangements should we make?"—Mimi.

Answer: You, your father and mother should go together to the club and make all arrangements with the manager. You should hire a ballroom or a suite of rooms, according to your needs.

Be sure you are checking up on every detail such as the seating at the door, the attendants you will need (stating the number of expected guests), your complete menu, the music and decorations.

The program for a wedding of this type should be precisely the same as that of a home wedding—the arrangement of the room for the ceremony, receiving the guests, serving of the refreshments, etc., etc. Here is the arrangement: At one end of the room wherein the ceremony will occur, place an oblong table to be used as an improvised altar. On the table spread a white cloth made of linen or a lace runner, and at each end put tall, white candles, flanking a low centerpiece of flowers. In front of this improvised altar, place either a prie-dieu (if you have one) or instead, a white satin pillow on which the bride couple may kneel side by side. Choose the most attractive spot in the room for this improvised altar and behind it arrange floral decorations, such as palms, evergreens, huge sprays of dogwood, etc., bearing in mind that

What's What At A Glance

Peace Schemers Crowd Nation's Capital
Many Of Them Wind Up In Insane Asylum
Hopeful Signs From Returning Reporters

By CHARLES P. STEWART
Central Press Columnist

WASHINGTON, May 23.—Now to gather up a few loose ends of wartime news, swirling around in Washington. It isn't all strictly local to our own capital, but it heads in here from a good many different points of the compass. Some of it's more or less trifling and yet, collectively considered, it has a good bit of significance.

One item positively is local. St. Elizabeth's hospital, in the city's outskirts, is the central bughouse in this region. Dr. Jay L. Hoffman, of its staff of mental specialists, reports to the American Psychopathological association that the institution's simply swamped with nuttiness cases, concentrating in the District of Columbia from every direction. They're folk with peace schemes or with plans for post-war readjustment—a better world and all that kind of stuff. Most of 'em streak it directly for the White House, where they're well-meaning, but a lot of 'em are so obstreperous that restraint's unavoidable for 'em. St. Elizabeth's has to take care of 'em until they can be redistributed. Back home, maybe a fair proportion of them return to normalcy.

A sizeable party of Axis diplomats and newspapermen here, previously interned in the United States, was exchanged in neutral Lisbon the other day, for a similar party of Americans, caught and interned in Germany and Italy.

Hopeful Signs

In Lisbon our newspapermen were able, for the first time in months, to file dispatches to the U. S. A. They were darned encouraging. They reported the Germans and Italians as well fed-up with the war, and the summary obviously jazzed our spirits up materially, as indicated, not only by our latest joint Army and Navy report. Hitherto we've been warned repeatedly against anticipating too early an end to the pending conflict. The latest dope referred quite hopefully to the possibility of a United Nations (Continued On Page Five)

Ship Outlook Better

AT THE MOMENT there is deep concern among those best posted on the facts, about the shortage in shipping. It is concededly our most serious problem—and will remain so, clear to the end of the war. This does not mean that our war effort is going to bog down through lack of ships. It does not mean that our forces abroad are not going to grow steadily stronger and be adequately maintained and equipped—because they will be. Nor does it mean that we are slowing up in sending supplies to our Allies.

WHAT IT DOES mean is that the lines of transportation are so unprecedentedly long and the stuff to be transported so vastly greater than any previous conception that there will never really be enough ships to send abroad all we produce in the way of men, arms, munitions and supplies. At best, this will always be so, but when the shortage is enhanced by submarine sinkings then the supply and operation of ships becomes of such overwhelming importance that nothing short of one hundred per cent efficiency is tolerable.

CALLING ATTENTION to these facts, Mr. Walter Lippman has twice, uncontradictedly asserted that ships are being sunk faster than they are being built; that the reassuring statements from the White House tend to create a dangerous complacency; that a greater concentration on the problem is vital if we are to play our full part in the war. In all of which he is absolutely right and it is encouraging to be able to report that steps are about to be taken certain to ameliorate the whole situation.

ECONOMY IN GOVERNMENT

One hundred million dollars a day!

That is what the American people are spending on the war every day in every week in every month. Two hundred million dollars a day!

That's what the American people will be spending on the war before this year of 1942 is out. Two hundred million dollars a day!

President Roosevelt cited those almost incomprehensible figures last week in calling for stringent economy in all personal and private spending in every home and office, in order that every dollar possible may be used for the urgent needs of the common war cause. All of us are used to spending money for things we want but which are not absolutely necessary. He cautioned the nation "We will all have to forego that spending."

The President's call to economy as a patriotic duty was timely and eloquent, but it does strike me that the President should take some of his own advice to himself and practice more economy in the handling of these Bureaus. If he were not so determined to keep what he calls "social gains" and would give up many of these Bureaus, which are entirely unnecessary today and for which he is responsible, there would be a saving of a great deal of money for the taxpayers.

It is to be hoped, most earnestly, that American government—all government, federal, state and local—will set a practical example in economy that so far is sadly lacking. Taxpayers are getting impatient with legislators and bureaucrats who continue to spend lavishly and recklessly for non-defense, non-essential purposes while the people tighten their belts and look forward to a voluntary lowering of the standard of living that has been the pride of every American.

An example of this public impatience is in evidence on the streets of every city in the State of California where petitions are in circulation to bring about repeal of the California State Income Tax. Suddenly rich with war taxes from other sources, that State is on a cash basis and has no need whatever for continued imposition of the income tax burden on its citizens. Yet the people themselves must force the issue—if it is to be forced!

The call for economy must ring in the ears of politicians in Harrisburg and Washington, as well as in the nation's homes, if it is to prove fully effective in this year of crisis.

Do not go into a first-class restaurant when you are in a hurry. Better go to a serve-afire or corner drug store where they are prepared to take care of you immediately. It takes time to prepare good food, and you should allow time enough to have it properly prepared and leisure to enjoy it.

The Great Game Of Politics

and navy. Another has been the strain imposed on the navy in conveying cargo ships and transports for long distances in both oceans. And there are others. The basis for better cooperation between the armed services and other plans made which should diminish the sinkings. However, until these have been proved effective, it would be better if Secretary Knox would issue no more statements to the general effect that the submarine menace has been mastered—or, in fact, any statements.

AS TO OPERATIONS, it is agreed by most of those in position to judge that our merchant marine has not been—and is not now—well equipped. The chief operating problems are in getting ships allocated and carrying out the program. And, if that degree of improvement is combined with better army-navy understanding, adequate steel plate supply (now said to be assured) and less loading of labor in the ship yards, while there will never be enough ships, the lack will be far less critical than it is today.

TO A VERY large extent it is all a question of men. Admiral Land is the right man in the right place, operating better men on the operating end and in other departments. And it would help in the protection problems were drafted. Also, it would help if priorities were administered more skillfully and with a firmer hand. It is of course, easy to point out the need of better men, but it is anything but easy to get them. There is an unquestioned scarcity of first-class men here in Washington, which is why the few really good ones stand out like a lighthouse in a fog.

THIS PREGNANT FACT deepens regret at the continued disinclination of the President to bring into the available first-class men on the outside whom he does not personally like. That is a weakness which, in the national interests, he should overcome. It is not paralleled in England. There, no outstanding and available man of ability and experience, no matter how hostile he may have been politically or personally to the head of the state, is outside the Government. Unfortunately, there are many such here.

SONG PROGRAM IN NORTH SIDE CHURCH

An interesting program of old-fashioned gospel songs will be presented in the North Side Community church, Wilmington road at Euclid avenue, Sunday evening at 7:30 o'clock when a gospel quartet, composed of the Misses Rhoda and Irene Wadman, Edythe Hess, Grace Colley and William Hess, all of Youngstown, will be present.

COUNTY HOME SERVICE SUNDAY

Missionaries At Tabernacle Sunday

CHEENU AND SHAMOLAL

Calvary Gospel Tabernacle, on the East Side, announces the coming of Rev. and Mrs. A. E. Rassman, missionaries to the interior of India, with Cheenu, known as the miracle child, and Shamolal of India, on Sunday evening at 7:30 o'clock services.

Cheenu is a little girl from the forbidden and closed land of Nepal in the Himalayas. Shamolal, whose name means "Evening Diamond," became a Christian under the ministry of Mr. and Mrs. Rassman. The Rassmans have been pioneer missionaries to the interior of India for 30 years. Raymond J. Fredericks, pastor of the tabernacle, announces that all will appear in native costume at this service.

tions victory by the end of the current year.

Among the corps of workers who will assist in making the school a success are a number of Bible school graduates, including Rev. and Mrs. Thomas Constance, Rev. and Mrs. Paul Butler, Mrs. J. H. Boon and others. Commencement exercises will be held on the evening of the closing day of the school.

Another authority I'd gamble on is Clarke H. Kawakami. Clarke wasn't exchanged at Lisbon. He was caught in this country, as American correspondent of Domei, the Japanese news agency, directly after the Pearl Harbor raid.

His father was K. K. Kawakami, a 100 per cent Jap, whom I knew years ago. His wife was an American, though, and Clarke was born here. I'm acquainted with him, and if that boy isn't a true-blue Yankee, I'm a Hottentot. The last I knew about him officially, he was trying to break into the U. S. Army, and they wouldn't admit him because of his name complexion and 50 per cent of his ancestry. Now, though, he's cracked into print as a war commentator—and I'm no judge if he isn't anti-Axis. Moreover, he's enlightening from the standpoint of Jap psychology.

Depression Aid Cost \$725,000,000 To Pennsylvania

By RAYMOND WILCOVE
(U. S. Staff Correspondent)
HARRISBURG, May 23.—The ever-increasing tempo of war production has finally brought to a virtual end the unemployment born of the depression. Secretary of Public Assistance Howard L. Russell disclosed today.

Thus the state wrote this for 10 years to a major phase of public relief whose overall cost to the state alone is estimated at \$725,000,000.

"To a very large extent, public assistance has now become a problem of aiding the aged and blind, the dependent children, and the ill or disabled," said Russell.

These now comprise the great majority of the approximately 45,000 men, women and children still receiving public aid from the state, said Russell, who disclosed that for the first time in years monthly expenditures from state funds will fall below the \$5,000,000 mark this month.

MRS. W. RENÉKER SPEAKER AT TEA

At a tea in the Edenburg Township building, Friday night, under the auspices of the Women's Society of Christian Service of the Methodist church, Mrs. Walter L. Reneker, this city, was heard as speaker.

She chose for her subject, "Mothers All Over the World."

Following a vocal duet was given by Janet and Jean Gresh, twin daughters of Rev. and Mrs. J. H. Gresh, with Jeanne Roberts as their accompanist.

A technicolor film of a southern tour through Pennsylvania was shown by Milton May of New Middletown, O. The assemblage joined in group singing with Mrs. Charles McCullough at the piano.

Light refreshments concluded the program.

Sales Plan

PLANT 100 PER CENT IN BOND PURCHASES

With appropriate ceremonies, the United States Treasury flag for 100 per cent participation in the payroll deduction plan for war bond sales was presented to the Johnson Bronze company at noon today. Today the flag is being proudly flown as an indication of the all-out effort of the employees of the plant in the war effort.

At noon the day and night shifts assembled in the yard of the plant and the senior high school band, directed by Joseph F. Repole, played "America."

P. J. Flaherty, president of the company, acted as the chairman of the gathering and spoke briefly at the beginning of the program. He congratulated the employees upon their fine spirit, and said he was pleased that the Johnson Bronze was the first large plant in the city to achieve the 100 per cent mark.

Mr. Flaherty also congratulated the employees upon their excellent showing in the United States Organization campaign and said that he would match the contributions of the employees, dollar for dollar.

Mr. Flaherty then presented Mott V. Hyde, chairman of the Pay Roll Deduction committee of the War Bond Sales organization. Mr. Hyde congratulated the employees and said it was a pleasure to him to be able to present the treasury flag.

He then handed the flag to Mr. Flaherty. Mr. Flaherty presented the flag to A. E. Guinagh, chairman of the employees committee that handled the campaign in the plant. Mr. Guinagh accepted the flag in behalf of the employees and said that every one of them was proud to be a part of the effort to raise funds for the prosecution of the war.

As the meeting closed the band played the "Star Spangled Banner." The next mark of distinction, according to the employees themselves, is the Navy "E" flag. The "E" flag is awarded by the Navy for excellence in production and the Johnson Bronze company employees are after one of those flags.

BRIDGE PLAYERS HURT WHEN CAR HITS POLE

NEW BRIGHTON, Pa., May 23.—Returning from a bridge party at Ellwood City early Friday, the lights of the car went out and the machine crashed into a pole, injuring six.

Those hurt were: Mrs. Verna Mitchell, Mrs. Rebecca Stewart, Miss Barbara Rex, Mrs. J. K. Miller, Mrs. Allen Wells and Mrs. Tom Anderson, all of this city. They were treated at Beaver Valley hospital.

MADE OF 90 PER CENT WOOD!

To help solve the metal shortage in airplane production, a plane made of 90 per cent wood is being constructed by a group of furniture men somewhere in the United States. Fleets of these wooden troop planes, capable of carrying men and munitions at 200 miles an hour, are nearer reality than a Brick Bradford dream. Top is a completed plane; below, experts making plywood sides.

MERCHANT SAILORS LEARN DEFENSE

One of the most important parts of the training of new sailors at Maritime Service school in Port Hueneme, Cal., is teaching them how to handle the guns that defend merchant ships against submarine attacks. Trainees are pictured learning to handle a five-inch rifle.

Salvation Army Again at the Front

AMERICA'S FIGHTING MEN in the Asiatic, African, and European combat zones today are coming to the Salvation Army canteen for doughnuts and coffee, just as many of their fathers did in 1917-18, according to Salvationist officers here. This mobile unit (above), at a remote coastal outpost, is one of four serving the Hawaiian Islands. The Army not only has Red Shield clubhouses catering to American forces in Australia, New Zealand, Iceland, and the British Isles, but it operates 74 United Service Organizations centers in 29 states from Maine to California.

WARM GREETING FOR HUBBY

Miss Katina Faxenou, left above, Greek stage star, made no effort to conceal her emotions as she greeted her husband, Alexander Minotis, arriving in New York on a transatlantic Clipper plane. Minotis, a star of the Royal Greek theater, was captured by the Nazis and twice escaped them to reach the United States.

Prof. R. G. Leslie Honored Friday At Banquet By Teachers

Retiring Principal At Arthur
McGill And Wife Honored
At Farewell Event

Paying tribute to Prof. R. G. Leslie, principal of Arthur McGill school for the past 18 years, who is retiring, the teachers staff, together with other employees of the institution, motored to New Wilmington Friday evening and tendered him a farewell banquet.

The assemblage totaled about 20, including Mrs. R. G. Leslie, wife of the honored one.

At an appropriate time Miss Helen Maxwell made presentation of a beautiful arm chair to Mr. Leslie in behalf of those surrounding him.

Preceding, Miss Martha McGill paid high tribute to Mr. Leslie, speaking words of sincere appreciation for all those with whom he worked, for his faithful, untiring and loyal co-operation as their leader and pilot through his years of service.

Mrs. Leslie was the recipient of a lovely shoulder orchid corsage, and she, too, was given a tribute as "the wife of our leader."

Both Prof. and Mrs. Leslie responded with appropriate remarks, telling of the joys they have had in sharing alike the work at Arthur McGill. "The friendships and devotions combined with the willingness to co-operate have made the teachers and employees at Arthur McGill a group of fine personalities."

I regret leaving," Prof. Leslie stated.

Prof. Leslie feels that one of his greatest contributions that he has made to education is the development of a new method of teaching the four fundamentals of arithmetic. He has written a book concerning this method, entitled "Fundamental Number Facts and a New Method of Teaching It," which is widely used.

Sharing last evening's banquet were three former teachers, Mrs. Lucy Hayford and Miss Mildred Burleson, of this city, and Mrs. Blowing Frutchee, of Greenville.

The committee on arrangements composed of Misses Marina McGill, Margaret Preston and Ruth Wilson.

Mr. and Mrs. Dale Brown announce the birth of a daughter, Bonnie Janet, in the Jameson Memorial hospital on Saturday, May 16.

Mr. and Mrs. Arthur Davidson, of Mt. Lebanon, Pittsburgh, announce the birth of a son, James Ray, in the Allegheny General hospital, on May 12. Mrs. Davidson was Miss Mary Brocklehurst, before her marriage.

The canvass for U.S.O. funds is being made this week under the direction of P. M. Cox. Those canvassing were: Mrs. J. R. Marett, Mrs. Paul Shaw, Mrs. C. L. Hunt and Mrs. C. K. Hindman.

W. S. C. S. MEETS
The Woman's Society of Christian service of the Methodist church held their monthly meeting in the church parlors on Thursday evening.

Mrs. Anna Marett took charge of the meeting in the absence of the president, Mrs. C. O. Bird. Mrs. Hettie Johnston, Mrs. Sara Potter and Miss Melvina Carr were hostesses.

CHRISTIAN ENDEAVOR PARTY
The Christian Endeavor Society of the Presbyterian church held their monthly party in the church on Wednesday evening.

Raid Illicit Liquor Plant

A scene like this would have brought groans from thirsty citizens in the old Prohibition days. Now, however, curious bystanders focus their attention upon the cameramen. One man in the crowd sponges the liquid stream as federal agents pump out five vats of mash from an illicit liquor plant raided in Brooklyn, N. Y. Ten thousand pounds of sugar were confiscated in the raid. (Central Press)

COURT MARTIAL BEING PLANNED

Reveal U. S. Soldier Held In
Connection With Slaying Of
Women In Melbourne

(International News Service)

UNITED NATIONS Headquarters in Australia, May 23.—United States military authorities disclosed today that an American soldier is being held in connection with the slaying of three Melbourne women.

The unnamed soldier, a young man, faces a general court martial by United States officers. Conviction on the charges would bring a death penalty.

Under suspicion for almost two weeks—since the half naked body of a Melbourne woman was found in the doorway of a downtown hotel—the soldier was arrested last night at a United States encampment somewhere in Australia.

Since the first crime occurred two weeks ago two other Melbourne women have been slain. The most recent slaying took place early this week when a young member of the faculty of the University of Melbourne was killed.

Announcing the detention of the soldier this morning, United States military authorities said a general court martial board was being convened for a complete investigation of the case and for eventual trial of the soldier.

It isn't "equality of privilege," Mr. President, if one section has the privilege of doing without gas or paying high rent and others don't.

Dairymen Take Action Against Miners Tieup

District Representatives Of D. C. S. A. Adopt Resolution At Meeting Friday

GROUP MEETS IN LOCAL CATHEDRAL

At the semi-annual meeting of representatives of the Dairymen's Co-operative Sales Association from western Pennsylvania, eastern Ohio and northern West Virginia, which took place in the Cathedral Friday, a resolution was adopted which turned a deaf ear to proposals of the United Mine Workers that the dairymen affiliate with them.

Officers of the association stated that while the D. C. S. A. was in sympathy with the right of labor to organize, and is not opposed to any of the principals of labor, it was felt that the aims of the United Mine Workers and dairymen were not compatible, inasmuch as they represented two very widely separated fields of endeavor.

The resolution which outlined a statement of policy of the organization said in part "that the members of the D. C. S. A. have already taken action authorizing the D. C. S. A. to represent them in any problems confronting the dairy industry, and that before they could take action toward affiliating with any other organization, the D. C. S. A. would virtually have to be dissolved and previous action rescinded."

"That the D. C. S. A. has done a good job in assisting its members in problems confronting the marketing of milk."

"That the United Mine Workers were wage-earners and not proprietors as the dairymen are, and that their interests are widely divergent."

"That the board of the D. C. S. A. take steps to promote a clarification of laws in respect to labor and farm organizations, and to ask the labor organizations only the same

degree of responsibility to their membership as the farm organizations show, including the adoption of trade practices and adoption of an accounting system to protect their membership against abuses of unscrupulous labor leaders."

The meeting was presided over by W. W. Bullard, of Andover, O., president, the other officers of the organization being E. F. Noble, of North Jackson, O., vice president; H. B. Steel, of Pittsburgh, secretary and manager, and R. R. Welch, of Burgettstown, treasurer.

Secretary-Manager Steel gave a report showing that the dairy industry had been asked to increase its production between eight and nine per cent to take care of leasehold requirements, but that they had increased their output in Pennsylvania 9 1/2 per cent, marketing 127,000,000 pounds of milk during the first quarter of this year, which had a value of \$3,481,000.

Twelve million pounds of milk were diverted to skim milk powder, more than twice as much as went into this product last year, while 11,000,000 pounds went to evaporated milk.

Nominations for directors in six of the 11 districts belonging to the associations being scheduled for June 13 in the particular sub-districts.

Over 200 dairy farmers were present at the meeting and were served luncheon at the noon hour.

Manhattan Has Real Blackout

(International News Service)

NEW YORK, May 23.—The blackness that was Manhattan for 20 minutes last night was officially ascribed today by lighting engineers as "pretty black."

Grouped around the master control board of the Consolidated Edison Company of New York the engineers watched as the city of light grew dimmer and dimmer.

What they watched was not lights but a slender needle on a dial as it swung lower and lower until finally it stopped.

New York's blackout gloom was that point on the dial and the engineers after some computing put it this way today:

"Although there are many factors involved, output of current during the blackout dropped 135,000 kilowatts."

Some gauge of what that means is the fact that numerous smaller cities throughout the United States are fully lighted with 135,000 kilowatts.

The famed Pony Express which operated for 83 weeks from St. Joseph to Sacramento was not a paying proposition. During the time about 30,000 letters were carried for an average of \$3 a letter, making a total return of \$90,000. However, the estimated cost of the enterprise was \$475,000, thus causing its backers to lose a little more than \$12 on each letter carried.

HEROES TO EACH OTHER—Private Joe Louis Barrow, the heavy champ, meets Lieut. John D. Bulkeley, torpedo boat hero.

Good Card In Arena Monday

Several Exceptionally Good Looking Battles To Be Staged

ALL STARS IN LAST THREE BOUTS

Billy Reale, of Castlewood, vs. George Magsum, of Chester, W. Va., heavyweights.
Frankie Moran, of New Castle, vs. Harold Gadsdon, of Clairton, lightweights.
Russell Baxter, of New Castle, vs. Billy Grumbacher, of Youngstown, middleweights.
Baby Leasure, of New Castle, vs. Andy Arrington, of Clairton, lightweights.
Tony Aiello, of Youngstown college, vs. Jake Kid McPadden, of Clairton, lightweights.
Johnny Madison, of Youngstown, vs. Cameron Stewart, of Niles, welterweights.
Carl Rouse, of Niles, vs. Eddie Starveski, of Chester, W. Va., lightweights.
Eddie Kennedy, of Youngstown, vs. Joey Buffalo, of Niles, bantamweights.

Everything is in readiness for the above named fighters to clash in eight amateur battles at 8:30 p. m. Monday in the air-cooled Arena. The boxers are reportedly in the pink of conditions, and indications are that some of them will have enhanced reputations and others less pugilistic acclaim when the fistic circus is over.

Reale hopes to ascend the ladder when he battles Magsum, but fans who have watched the West Virginian in action believe that the Castlewood farmer faces one of the roughest pugilistic journeys he has ever undertaken.

Moran in Action
Moran will be fighting for the first time in months, having been shelved by an injured mitt some months ago. However, he believes his southpaw style and his hitting ability may prove too much for Gadsdon to overcome.

Rapier Russ Baxter hopes to upset the fistic dope by buckling the left hander, Billy Grumbacher. If he can do this he will have accomplished something entirely unanticipated by Billy, who believes he has Baxter's number.

The fighters will wind up boxing today because an injured knuckle might impair their victory chances. Therefore, they'll do light "work" tomorrow, only road work Monday morning, and climb into the ring at 8:30 p. m. Monday.

Every class in pugilism except the 112-pounders and the light-heavyweights are represented on the docket. On the schedule are some renowned for science and others known for their slugging ability.

The Jefferson Athletic club will sponsor the show, with the Pennsylvania Athletic commission and the Amateur Athletic union having charge of the show.

STANKEY 1-B
Stankey, the Philadelphia kid shortstop star with Milwaukee, won't be drafted soon. He is partially deaf and is classified 1-B.

HERE AND THERE IN SPORTS LAND

Alsab risks his newly-acquired 3-year-old turf honors at Belmont park today against nine other gallopers of his age in the ancient Withers mile. No doubt both Lou Nova and Lee Savold are off edge their Washington joust having been set back until Monday.

Pete Carey, local amateur fighter, will not be on the amateur boxing card Monday night in The Arena. He has enlisted in the Marines. Fans wish him luck. Roland Wear, Berwick high, led with a 147 score in the 36-hole qualifying round of the PIAA golf championships at State College, Friday.

Tommy Farr, British heavyweight, lost a fight for a seat in the town council of Brighton, Eng., yesterday. Wayneburg will lose eight grid stars by graduation.

Hunters' License Tags Cause Feud

Pennsy Game Commission And Welfare Department Principals In Setto

(International News Service)
HARRISBURG, May 23.—The game commission is feuding with the State Welfare Department over hunters' license tags for 1942.

The Welfare Department, which supervises the prison labor which made the tags up to now, says that due to the lack of tin the tags will henceforth be made of oil paper.

Apprised of the Welfare Department's statement, the game commission hurriedly released a statement of its own to the effect that heavy fibre tags will replace the metal hunting license plates which have been standard in Pennsylvania for many years.

The change from coated tin to vulcanized fibre will make approximately 10 tons of tin plate available for war use and will save sportsmen \$12,000, said the commission. The new tags will be the same size as the old ones and for the convenience of those who do not carry their license tags in a holder will have 16 holes punched around the edges to enable hunters to fasten them securely to their coats.

Still to be decided is who will make the new tags, the game commission or the Welfare Department.

Nova-Savold Tiff Postponed Again

WASHINGTON, May 23.—For the second consecutive time, the Lou Nova-Lee Savold fight, a benefit for the Navy Relief fund, was postponed on Friday night.

The fight will be staged on Monday night, it was announced.

Leo Hill today assigned the following umpires:

Indies at West Side, General and "Tex" Richards.

Elders at Bessemer, McIntyre and "Tip" Richards.

Croton at Moose, Smolnick and Rotunno.

Slovaks at West Pittsburg, Price and Morgan.

Play on Monday
Announcement was made today that the West Side Tigers and Bessemer clash on Bessemer High field Monday evening at 6 o'clock. The game was formerly booked for Thursday night but postponed due to bad weather.

"Diz" Nominates Himself To Hurl
Bobby Feller Will Follow Dean To Knoll In Game Honoring Zake Bonura

(International News Service)
CHICAGO, May 23.—Dizzy Dean, with becoming modesty, elected himself today to start on the mound for his team, the Dean All Stars, against the Kansas City Monarchs Sunday afternoon at Wrigley Field.

After Dean has performed for the benefit of the crowd, he will give way to Bobby Feller who will finish out the game.

The Monarchs, champions of the Negro American League, will have the fabulous Satchel Paige in the pitching role.

The game will be in honor of Zake Bonura, but Zake will have to work for the distinction. He will be at first base for "Diz."

Big Junior High Meet On Monday

Triangular Affair Will Decide Junior High Track Championship Here

New Castle's junior high schools will battle it out for the 1942 track and field championship on Monday afternoon at Taggart stadium.

Ben Franklin junior high already victorious over the two other participants in the annual triangular affair, Mahoningtown and George Washington, occupies the favorite slot.

The Cunningham avenue thin-clads displayed an abundance of talent in disposing of their city rivals in private meets held during the past several weeks.

The jamboree will start at about 3 o'clock and closes the local track season.

Croton-Moose Indies-Tigers Battle Sunday

City Baseball Leaguers Anxious To Resume Hostilities Following Recess

WEST PITTSBURG HOST TO SLOVAKS

Sidelined nearly all week by the hard-hearted weatherman, City Baseball league rivals anxiously look forward to Sunday afternoon's resumption of hostilities.

The eight clubs will start firing at 3 o'clock on four fronts.

The well balanced West Side Tigers, conquerors of West Pittsburg and the Elders, will be hosts to the Lawrence Indies on Lee avenue.

Manager Paul Morrison of the Sixth ward aggregation, today announced that the game was originally booked for Cedar street grounds. The shift was made Friday night.

This shapes up as one of the headliners in view of the fact that the adversaries are two of the hottest clubs in the loop. The Indies boot the dope jug right between the eyes early this week, calamining the powerful Bessemer entry, 3-0.

Croton Vs. Moose
Croton A. C., heading the circuit with three wins against a lone loss, steps a few blocks from his home park to engage the Moose club on Marshall field. The Crotonites will like use their pitching master, Andy "Feller" Sugent. A Moose triumph will further tangle the first place jam.

The rampaging Slovaks, parked in second place with three triumphs against two losses, take to the highways to oppose West Pittsburg in another star-studded attraction. The "Gashouse Gang" will employ its strongest lineup in a hope of stopping the mad rush of the Slovaks.

At Bessemer High field, the Elder A. C. and Bessemer swing bats. The teams sport a won two and lost two mark thus far and are deadlocked for third place honors together with the Moose.

RIGNEY'S IN THE NAVY NOW

Yesterday, a famous pitcher in the American league. Today, a job in the Navy. That's Johnny Rigney, ace right-hander of the Chicago White Sox, seen right, shouldering his sea bag on the way to his barracks at the Great Lakes Naval Training Station, Great Lakes, Ill. Rigney enlisted as a seaman, first class.

SPORTS WORLD RAMBLINGS

What's new in sports today?

By noon Monday, Fred Shaffer will be a seaman first class in Uncle Sam's Navy. The tall, handsome athlete, Lawrence county's most successful baseball player since the days of Paul McCulloch, will be stationed at the Great Lakes Naval Training station, Great Lakes, Ill.

During a farewell gabfest with this observer, the 28-year-old star pitcher brought out a point that typifies true Americanism. I casually asked him why he decided to enlist when he was well established in baseball and would not be called for service for possibly six months.

Here was his answer: "I couldn't pitch knowing in my heart that I should be doing something more important. Everytime I stepped on the mound, I got a funny feeling, a feeling that I wasn't doing the right thing. Uncle Sam needs me for a matter more important than all the baseball games in the world."

"Now that I have enlisted, I am at peace of mind for the first time in months. I am doing what I should do. When I pitched, I got the idea that people looked down at me. And, why shouldn't they? I'm healthy, and capable of doing my part." That is Fred from head to foot.

Blond Fred was interviewed by First Lieutenant Mickey Cochrane several days ago and passed the physical examination. Monday, he'll be "sworn in." The right-hander, who has spent the past seven seasons with Louisville, aspires to twirl with the Great Lakes team, comprised of such satellites as John Rigney, Johnny Lucadello, Don Padgett, Joe Grace and Ernie Anderson, Fred's teammate at Louisville.

Louisville granted Shaffer an "outright release" which means that he'll be able to deal for himself when Uncle Sam discharges him. Fred leaves New Castle Sunday evening. I'm sure that the best wishes of the sports gang are bestowed upon one of the nicest young men hailing from Lawrence county.

The desk today received word that Al Orlando, the seventh warder, has been released by Butler of the Penn-State association. Lack of experience mainly prompted President J. J. Danley, Jr., to dispose of the localite. Young and inflated with talent, the Mahoningtown athlete is bound to elevate himself into the upper stratum of the game, provided he leads up on experience.

Maxie Baer snubbed a \$10,000 offer to exchange blows with Lee Savold in order to accept a major role in a big cinema piece. "The Navy Comes Through," American Football Statistics Bureau has released figures showing that California is the nation's top gridiron center with 53 schools participating in the sport. Pennsylvania is second with 50 collegiate clubs and Texas third with 46 Delaware, Nevada and Wyoming have one grid-piling school apiece.

FAIR OR FOUL
By LAWTON CARVER
INS Sports Editor

NEW YORK, May 23.—I know that everybody wants to go all out to the utmost to make life as pleasant as possible for the boys in the armed forces. I know too that there have been suggestions of one kind or another ranging from movements to get them more chocolate bars up to trying to get the government to pay them more money. I also know that whatever we do is not nearly enough.

We in the sports end of this business can help out too. We may do it in a lot of ways, but it is a certainty that we can be of some help if we will keep on thinking and trying.

All of which is a preface to an idea that I have entirely original with me, yet, insofar as I know, unpublished so far.

To start with, Bud, did you enjoy that game of golf the other day, and did you get a kick out of watching the corner lot ball game in which some kids scarcely younger than some of them in the service killed a few hours in healthful outdoor recreation?

Did you enjoy watching or taking part in some other branch of sports that the boys in the service might also enjoy watching or taking a hand in?

Knowing that you probably did and realizing how much pleasure you probably got out of it, here is a suggestion.

Why not set aside one day at every professional baseball game in the country—major and minor—during which the customers would bring some kind of athletic equipment to be sent on to the boys in the service.

Idea Is Simple
This would be an utterly painless contribution. The ball clubs aren't

To Print '42 Hunting Tags On Oil Paper

(International News Service)
HARRISBURG, May 23.—Hunters' tags for 1942 will be printed on oil paper, the State Department of Welfare disclosed today.

The move was made necessary because of metal restrictions, it was explained. The tags are made by convicts under the supervision of the department's division of prison labor.

Braves, Giants White Sox Win

Ottmen Snap Head's Five Game Winning Streak In Downing Brooklyn, 5-1

(International News Service)
NEW YORK, May 23.—Those up-and-coming Boston Braves today stood just 5½ games behind the pace-setting Brooklyn Dodgers in the National League. And the Braves held a half-game lead over the St. Louis Cardinals, all of which adds up into a good tough pennant race.

No sooner does somebody knock the Braves down than they come bouncing back with a victory to stay in the midst of the tussle for the championship.

While 5½ games behind the leaders is a fairly convincing margin, it still proves that up to now the Braves are the best team next to the Dodgers. None of the rest is any nearer.

Beat Phils, 10-7
The Braves last night turned on a four-run rally in the ninth inning to beat the Philadelphia Phillies 10 to 7. Ernie Lombardi, the lumber catcher acquired by the Braves from the Reds awhile back, made five hits in five trips, including a home run.

The Braves blew an early lead and had to come back to win this one in a parade of pitchers. Each side sent four men to the mound.

The Dodgers blew a game to the New York Giants, 5 to 1, to permit the braves to shave a full game off their lead.

Mel Ott hit his seventh home run and Hank Leube contributed one as the Giants downed the Dodgers to end a four-game losing streak.

The Giants also snapped the winning streak of Pitcher Ed Head who had taken five in a row up to yesterday. He was knocked out and charged with the defeat.

That wound-up the National League games for the day and night while in the American one till was run off—under flood lights. The Chicago White Sox surprisingly tripped the Detroit Tigers, 7 to 4.

This one was nip and tuck between the contending Tigers and the tail-end White Sox, but the former showed gameness that enabled them to come back from almost certain defeat.

The Tigers filled the bases with none out in the ninth and seemed on their way to a winning rally when Joe Haynes walked in a run. But the uprising was promptly shut off there and there was a bad Detroit hurley. Virgil Trucks and Johnny Gorsica, allowed 15 hits.

War Bond Prize Uncorks Rumpus In Golf Tourney

Mogul Says Participants Endanger Amateur Standing In Chicago Jamboree

(U. S. Staff Correspondent)
CHICAGO, May 23.—The controversy over the \$500 war bond Chicago Tam O'Shanter club has posted as first prize in its All-American amateur golf tournament boiled higher today, with neither side to the argument giving an inch.

George Blossom, Jr., president of the United States Golf Association, warned the amateur participants in the tournament would be endangering his Simon-pure standing.

A defiant answer came from George S. May, president of the Tam O'Shanter club, who said: "I can't name names, but I'll say this—some of the biggest names in amateur golf are going to enter the All-American amateur."

This, however, was modified last January in the interest of aiding in the war effort to provide that a player might accept government securities, including war stamps and bonds, so long as their face value as a single prize did not exceed \$100.

WINN HARD WORKER
Colonel Matt Winn, one of the oldest men in sports, is one of the hardest workers. After putting over the Kentucky Derby this spring he might easily talk himself into a short vacation. But he left Louisville immediately to take charge of the meeting at Lincoln Field, Chicago, running from May 18 to June 20.

Harvard-Yale Regatta Today

Country's Oldest Sports Rivalry, Dating Back To 1852, On At 5 O'Clock

(International News Service)
DERRY, Conn., May 23.—This country's oldest sports rivalry will be resumed in today's dusk when Harvard at Yale clash in their annual regatta which dates back to 1852.

Starting at 5 o'clock (EWT), the sweep-swimmers from the two schools will clash in four races ending with the varsity feature as the grand finale and with Harvard top-heavy favorite.

There will be a few hundred along the banks, the dyed-in-the-wool old grads will be in the vicinity, but the great fleet of yachts usually strewn all over this section for this annual affair will be missing.

Harvard is a standout choice in the varsity race and for the day's program. Last year the crimson established supremacy for this particular era by winning the varsity race for the sixth time in a row.

Moreover, Yale hasn't won any of her races on the program since 1937, with little likelihood of a chance in that procedure late today.

Mauriello Holds Pastor To Draw

Mahon Thinks Bob Lucky To Get Draw In Sizzling 10-Heat Brawl

By JACK MAHON

(International News Service Wire)
NEW YORK, May 23.—The best fight Little Old New York has seen in a long, long while produced an awful lot of arguments but did not alter the heavyweight situation one bit, according to Promoter Mike Jacobs after a survey of the ruins of last night's Bob Pastor-Tami Mauriello draw brawl at Madison Square Garden.

A good portion of the 11,327 fans who paid \$22,972 to watch the bout thought Mauriello was lucky to get a draw. That's the opinion of this observer.

We don't mean to say that Mauriello won going away or that it wasn't a close fight. It was one of the toughest fights we've ever had to judge but Pastor was not even close till they hit the sixth round of the ten round battle.

Drops Pastor
Tami did not rush in wildly and try to massacre Pastor, as expected, in the first round, but he dropped him with a right when Bob was a bit off balance. The bicycle boy was up without a count and was not hurt but you could see he knew he was in for a rough evening.

Tami kept throwing those long rights in the second and split open Pastor's mouth but near the end of the heat ran into a left hook that dumped him on the seat of his silk pants. The Bronx kid was up without a count too but by this time the crowd realized they were in for a real brawl—and they loved it!

We gave the second to Mauriello and called the third even after wracking what is left of our brain for no less than forty nine straight seconds. In this heat both boys belted each other with hard rights and lefts to the body and both absorbed them without blinking an eye.

Judge Charlie Draycott scored it seven rounds for Mauriello to three for Pastor. Judge Marty Monroe called it five for Pastor, four for Mauriello and one even while Referee George Walsh scored it even, five rounds for each. The writer scored it four rounds for each, with two even, and thought a draw decision very, very satisfactory.

Teddy Williams Enlists In Navy

Red Sox Star Probably Won't Be Called For Service Until Close Of Season

(International News Service) BOSTON, May 23.—Thumping Ted Williams, the elegant-swinging Boston Red Sox outfielder whose draft status was carried direct to President Roosevelt, was a naval aviation cadet today.

It was expected, however, he would not be called for active service until the end of the current baseball season.

The 1941 American League batting champion, whose easy going manner resulted in baseball-loving fans calling him "the kid," was sworn in as a would-be flyer after passing a four hour navy physical examination.

"Gee," he said after he stepped into the public relations office of the first naval district where the enlistment announcement was made public, "I knew I'd do the right thing. This is it. I'll get a chance to fly anything the navy has."

"Think you'll stick to flying?" someone asked.

"Listen, hitting is my first and only love," he replied. "Print that twice. When this war is over I'll be back hitting."

In Great Shape
Flight Surgeon Frank Philbrook said he was deeply impressed with Williams' eyes. They tested 20-15, which is above average," he said. "His depth perception is extraordinary. I suppose that is why he is able to hit so well. For the same reason he will be able to land a plane much better. His nerve reflexes are normal and mentally he is ahead of most boys in his educational group."

Williams had the national spotlight focused on him last February when the Presidential Board reclassified him from 1-A to 3-A because his mother needed his financial support.

Williams' batting average of .406 last season made him the first man in the American League to slug over the 400 mark since Harry Hellmann of Detroit accomplished the feat in 1923.

Williams is currently batting at a .319 clip and has poled out 9 homers. Last year he hit 37 four-baggers.

Zivic-Jenkins Brawl Monday

Jenkins Warns Fritzie Not To Start "Roughhouse Stuff"; Card Colorful

(International News Service) PITTSBURGH, May 23.—Lew Jenkins served notice on Fritzie Zivic today that if the Pittsburgh boy starts any roughhouse stuff in their fight Monday night, he would respond with the same tactics and turn their scrap into a Pier Six brawl, if necessary.

Jenkins, former lightweight titlist, and his manager, William Ketchum, said they would meet Boxing Commissioner Leon Rains Monday and warn him that if Zivic is allowed to "get away with murder in Pittsburgh rings as he has in the past, Jenkins will meet him on the same terms."

The Texas fighter and the former welterweight champ battled to a draw in New York last year when both were titleholders.

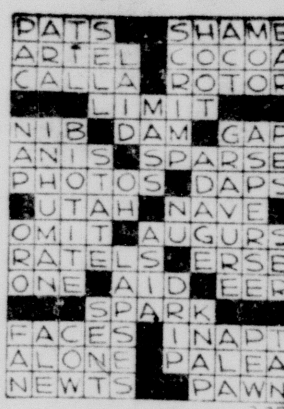

Other bouts of the all-star card include matches between Charley Burley, of Pittsburgh, winner, of 26 straight bouts, and Ezza-d Charles, of Cincinnati, the country's third ranking middleweight; Mose Brown, of McKeesport, and a yet to be named substitute for Texas Jack Marshall, who was forced to withdraw because of a foot injury, and Sgt. Mike Raffa, of the army, and Joey Archibald, former featherweight champion.

FROM ME TO YOU

By MESEFALL

Soldier boy you are taking a journey. Along the rough war fare of life.

On your path you may meet with trials. Disappointments, with envy and strife.

Your heart many times may be heavy. Your Spirit be wounded or low.

Keep looking to Him who has promised. To keep you where-ever you go.

You have answered the call of your Country. Giving all for the Flag you hold dear.

Let the thoughts of the past bring you comfort. Your hope of the future . . . n6 fear.

When in danger or front lines of battle. Tho sadly oppressed by the foe.

Keeping looking to Him who has promised. To keep you where-ever you go.

For you, many home fires are burning. And fond hearts are lifted in Prayer.

They are asking the greater Commander. "Dear Lord, keep my boy in your care."

In His name alone you will conquer. His Grace is sufficient, and so.

We commend you to Him who has promised. To keep you where-ever you go.

Honesty is the best policy and we have a young man here in New Castle who is right up on top of the heap. . . Vito Bullano of 711 South Mill street found four dollars worth of defense stamps that was lost by a lad of the Pollock avenue school. A stamp was put in this paper about the loss and Vito soon knew who to make a report to. . . New Castle is proud of you Vito and others can copy from your honesty. You are the type of citizen that makes a nation like ours prosper.

Red Cross Doing Huge Job In War

Articles Requested By Officers In Various Branches Of Service Supplied

MRS. ELLIOTT GIVES REPORT

Mrs. John E. Elliott, Chairman of Volunteer Services of the Lawrence County Chapter American Red Cross has received a report on the shipment of garments.

"I am delighted to be able to make public the following report, for if anyone feels there is no need for knitted garments this report will definitely prove there is a need, a big need and the Red Cross is meeting it."

"The Red Cross has shipped 398,460 articles produced by women volunteers in the last four months, to the men in America's Armed Forces."

"The largest item is represented by 317,890 knitted sweaters, 97,990 pairs of socks, 53,353 mufflers, 43,461 helmets. Lesser quantities of sea boots, beanies, watch caps, cap mufflers, wristlets and rifle mits."

"Aside from these supplies the women of the Volunteer Services have made up 61,642 kits, containing many items such as playing cards, knives, note books, and pencils and combs. All these have been given departing men for overseas services."

"All these articles were requested by Commanding Officers of Army, Navy, and Marine Corps units and were shipped for distribution in camps and naval supply depots."

"But the report reveals further that since the beginning of the war in September, 1939, volunteers in Red Cross Chapters have supplied 7,187,925 garments for men, women and children which have been shipped abroad for relief for foreign war victims, and have made 32,932,772 surgical dressings which are

shipped abroad. The valuation of these shipments totals \$20,619,000. The needs of our own people have been met. Disasters in all parts of the United States have been given Red Cross.

The refugees, 10,000 of them, coming into San Francisco from Pearl Harbor, the Philippines and other parts, have been cared for by the San Francisco Red Cross with the assistance of all chapters throughout the United States.

Forty million surgical dressings also have been made for the Army and Navy hospitals in the United States and insular possessions. The Lawrence County Chapter Volunteer Services have been doing their job daily. Mrs. Harold Wharton, Chairman of Production has a staff of volunteers who are at the Red Cross Rooms in the Wallace Block, Auxiliaries throughout the county are sewing each day making it possible for large shipments to move out of New Castle.

Mrs. Robert M. Garland, Chairman of Knitting has received a second large shipment of yarn making a total of 3800 pounds now in the Chapter. There will be more yarn as the need arises.

Mrs. W. W. Duff and Mrs. Norman Martin, Chairman of Surgical Dressings have their groups working on emergency requests, awaiting the anticipated Army and Navy quota which, when received, will make it necessary for many more women to volunteer.

Throughout the county auxiliaries are sewing: Pulaski under Mrs. John Clark; Bessemer, under Mrs. Esther Landman; Harlansburg under Mrs. Kenneth Bremmner; Hillsville also has small groups busily engaged which New Wilmington, Mt. Jackson, Ellwood City, West Pittsburgh, Enon Valley folks and many other county individuals doing a big job.

"More women are needed. We can never reach the stage when we will say enough," stated Mrs. Elliott. "We all have our home duties, but none of us can ignore the need of continued effort on everyone's part, not just a few."

THREE WORKMEN SLIGHTLY INJURED

Three men employed in operations at the United Engineering Co. site, formerly the old steel mill, were treated at the Jameson Memorial hospital for slight injuries sustained at work.

Augustine Restivo, age 27, of 1322 East Washington street, was treated at 8:30 p. m. for a laceration of the middle finger of his left hand. During the night, Paul Earl, of R. F. D. No. 1, carpenter was treated for puncture wounds of the left foot received when he stepped on a board containing nails; and William Kennedy, of Lakeview avenue, Youngstown, O., was examined for injuries of the thigh, sustained when he fell in a hole. No fracture was found.

Some Good News On Production

(International News Service)

MORE STEEL—Walter S. Tower, president of the American Iron & Steel Institute reported that the United States currently is producing as much steel in a month as Japan probably can produce in a year; as much in six days as Italy can make in six months; three times the probable production of all Europe under German control or available to Germany.

MORE EQUIPMENT—The first cargo ship turbine has been shipped from an inland plant which was a swamp 10 months ago. The first shipment was two months ahead of scheduled.

MORE SHIPS—A minesweeper, a submarine chaser and a rescue tug were one day's launching output at one Great Lakes shipyard.

MORE HONORS—The Coney Island plant of Wheeler Shipyards was awarded the navy "E" for its work in turning out high speed specially armored Coast Guard cutters.

STILL MORE STEEL—Bethlehem Steel Company has ordered 10 new furnaces to step up its tremendous production still higher.

MORE SHIPS—In the next two years, shipbuilders of this country will build as many ships as the British Merchant Marine possesses. Thomas M. Woodward, member of the Maritime Commission reported.

W.P.A. District Office Is Shifted From Franklin

District Headquarters For Lawrence County Will Be At Pittsburgh

(International News Service)

HARRISBURG, May 23 — The Franklin area WPA office will be abolished on May 31 and its functions taken over by the Pittsburgh office, State W. P. A. Administrator Richard Irvin announced today.

The move was made because of the need for maximum economy in administration and sharp reductions in operations, Irvin explained. Less than 4,000 persons are employed in the area at present. The Franklin district is composed of the following counties:

Erle, Warren, McKean, Potter, Crawford, Mercer, Venango, Forest, Elk, Cameron, Clarion, Jefferson, Lawrence, Beaver, Butler, Armstrong and Indiana.

Operations will be continued in these 17 counties, but will be conducted by the Pittsburgh office. Details of the plan have not been completed.

Guy C. Cleaver is manager of the district to be eliminated. He has served in this post since October 1, 1937. At one time the Franklin area headquarters was at DuBois and later at Erie.

Life Sentence For Girl Slayer

(International News Service)

CHICAGO, May 23 — Obviously pleased at escaping a death penalty, Clarence (Stevie) McDonald, found guilty of the murder of his 17-year-old sweetheart, Dorothy Broz, was sentenced to life imprisonment by a criminal court jury Friday.

"Well, I beat the chair. Now there is a chance for me to get out," the youth said smilingly as he was led from the courtroom after hearing his fate for the "kiss and kill" slaying of the girl in a Chicago theater balcony.

The boy had shown not the slightest trace of emotion when the verdict was pronounced. He simply stood unblinking, immaculately dressed and every strand of his blond, wavy hair in place. McDonald, 17 years old, faces at least 20 years behind bars.

Clarence and his pretty high school companion had watched a noisy, riotous motion picture from their balcony seats on February 24, the day of the shooting. Then according to the boy's signed confession, "I kissed her and then I shot her."

During the trial the prosecution sought to establish that McDonald was motivated by jealousy and by the thought that the girl's family objected to him.

(From the Medical Society of the State of Pennsylvania)

Recovery from an illness is convalescence. Recovery from enervating work is recuperation.

A man can run 100 yards in 10 seconds. Such a runner may not become recuperated in one hour.

Some athletic exercises require at least 24 hours' recuperation. How about recuperation following fatigue in industrial work?

The physically fit person may be recuperated after 13 hours. Some work requires 24 hours or longer for recuperation.

The British government learned about overwork early in the war. At first workers kept going 70 to 80 hours a week.

This resulted in decreased production and absenteeism. Physical fitness is required for sustained effort and output.
